CareFor™ Ultra Odor-Control Underpad

Powered by HaloShield®

A fresh solution to the problem of urine odor.

The CareFor™ Ultra Underpad is a major development in antimicrobial protection that eliminates odor, embarrassment and hassle. The germ and odor-killing power of the reusable underpad is renewed with every wash in chlorine bleach*.

Stops odors and kills odor-causing germs

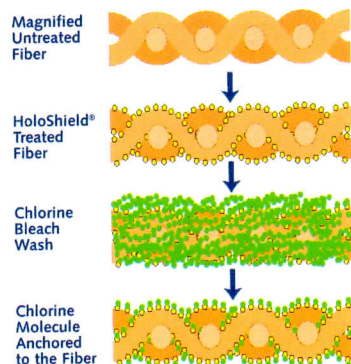

- Eliminates the unpleasant, embarrassing urine odors that result from incontinence
- Kills 99.9% of odor-causing bacteria within 10 minutes of contact with the HaloShield underpad

Waterproof protection and enhanced comfort

- Ultrasoft moisture-wicking top layer keeps users dry
- Super absorbent inner layer quickly traps fluids
- 100% waterproof protection for bedding and chairs

Money-saving and smart

- Reliable and effective
- Non-irritating for sensitive skin
- More economical and better for the environment than disposables

How it works:

During laundering, the special HaloShield coating grabs the chlorine molecules and anchors them to its surface

HaloShield binds with the chlorine molecules in a "one to one" relationship. Now fully charged, the HaloShield coating holds enough chlorine to kill 99.9% of all odor-causing bacteria within 10 minutes.

- One underpad per package
